Date: March 24, 2026
Subject: Guest Speaker: Joe Masiarchin, Parks & Recreation Director

Joe Masiarchin, Parks & Recreation Director will be attending the EDC meeting to provide an update on several park projects including Grand Prairie Park and East Community Park. Successful parks help drive quality of life and economic development in Lakeville, and Grand Prairie Park will be the city's premier park when it opens in June 2026.

Action Requested: No specific action is requested. Members are encouraged to ask questions and provide feedback on the presented data.

**CITY OF LAKEVILLE
ECONOMIC DEVELOPMENT COMMISSION
MEETING MINUTES
January 27, 2026**

1. Chair Collman called the meeting to order at 4:05 p.m. in the Marion Conference Room.

Members Present: Comms. Rebecca Bergin, Lowell Collman, John Ricketts, Don Seiler

Ex-officio Members Present: Chamber President Krista Jech, City Administrator Justin Miller

Members Absent: Rick Bjorklund, Joe Eykyn, Roz Peterson

Staff Present: Tina Goodroad, Community Development Director; Kati Bachmayer, Economic Development Manager; Dawn Erickson, Senior Administrative Assistant

2. **Approval of Minutes**
 - a. **October 28, 2025, EDC Meeting Minutes**

Comms. Bergin/Seiler moved to approve the minutes of the October 28, 2025, meeting. **Motion carried unanimously.**

3. **Discussion Item**
 - a. **Cedar Avenue Land Use and Market Analysis**

Tina Goodroad, Community Development Director, shared information about the Cedar Avenue corridor land use and market analysis. Community Development staff have been working with a consulting group (TKDA) to evaluate land use along the Cedar Avenue corridor between 185th and 200th Streets. The 2040 Comprehensive Plan identified this area as a special planning district, intended to align land use strategies with the Red Line Bus Rapid Transit (BRT) plan. That plan proposed five transit station areas to support the potential extension of the Red Line through Lakeville and increased residential densities—at least 8 units per acre within the broader Cedar Corridor and 20-40 units per acres—within a ½-mile radius of the proposed station areas.

With the Red Line BRT no longer included in the Metropolitan Council's Imagine 2050 Transportation Policy Plan, it is necessary to reassess market conditions and

determine appropriate land uses along the corridor to guide development in Lakeville's upcoming 2050 Comprehensive Plan.

As of December 2, 2025, the market study for this area has been completed and City staff have conducted a design charrette to develop an updated land use plan. City staff and a TKDA representative met with study area property owners on December 9th and 11th to share the findings and gather feedback.

Ms. Goodroad presented the results of the market analysis and the draft land use plan, which reflects the anticipated market potential of various land uses along the corridor.

EDC members asked questions and provided feedback.

4. Development & Marketing Updates

a. January Economic Development Report

Ms. Bachmayer and Ms. Goodroad highlighted a few recent development projects and new businesses in Lakeville. Ms. Bachmayer shared that Ensemble Creative & Marketing's new office location had a recent ribbon cutting, and Lake Point Gymnastics opened in December. A building permit was issued for Chase Bank. Lakeville Family Pet Clinic held a groundbreaking ceremony. Ms. Goodroad shared that Dakota Waste Solutions received approval for a specialized recycling facility.

Community Development staff featured Hearth & Home Technologies during the December 15 City Council meeting as part of its Spotlight on Business program. The business has operated in Lakeville since 1996 and added manufacturing in the industrial park with The Outdoor GreatRoom Company and Stellar Heat & Glo.

Ms. Goodroad stated that Lakeville received recognition during the 2025 Dakota-Scott workforce Development Board Awards Celebration in December.

Congratulations to MNGI Endoscopy of Lakeville for receiving the Bob Killeen Award, which recognizes individuals or companies for their innovative or quality practices; and Kati Bachmayer, City of Lakeville Economic Development Manager, for receiving the Mark McAfee Friend of Workforce Development Award, which is presented to an individual who has championed workforce issues at the local, state or federal level.

b. Business Retention & Expansion program

Four BRE visits occurred in January.

5. 2026 Meeting Cadence

Ms. Goodroad stated that staff is interested in changing the frequency of the meetings to every other month.

EDC members asked questions and provided feedback. It was determined that the meeting frequency will be every other month.

6. Other

Justin Miller, City Administrator, shared information about a tentative proposed Orderly Annexation agreement with Eureka Township. If all parties approve of the proposal, it would allow the identified properties near 225th Street West to annex into Lakeville city boundaries upon request.

7. Adjourn

Meeting adjourned at 4:57 p.m.

Respectively submitted by:

Dawn Erickson, Senior Administrative Assistant

Department Accomplishments

The City of Lakeville launched a Business Retention & Expansion (BRE) program, in partnership with the Lakeville Economic Development Commission and Lakeville Chamber of Commerce, in February 2025. The formation of a BRE program was identified as a strategic priority in the Economic Development Strategic Plan 2024-2028. The goal of the program is to strengthen existing relationships and foster new ones with the Lakeville business community.

Lakeville received recognition during the 2025 Dakota-Scott Workforce Development Board Awards Celebration in December. Congratulations to MNGI Endoscopy of Lakeville for receiving the Bob Killen Award, which recognizes individuals or companies for their innovative or quality practices; and Kati Bachmayer, City of Lakeville Economic Development Manager, for receiving the Mark McAfee Friend of Workforce Development Award, which is presented to an individual who has championed workforce issues at the local, state or federal level.

Looking Ahead

Compass Rail received City Council approval for its annexation petition, comprehensive plan and zoning map amendments in 2025. This project is a partnership between Compass Rail, Progressive Rail and the City of Lakeville to develop a rail car storage facility that shifts that activity from residential neighborhoods to the industrial park.

Community Development staff will begin the 2050 Comprehensive Plan process in 2026. The 2050 Comprehensive Plan update will play a critical role in guiding Lakeville’s next phase of growth and reinvestment while maintaining community character and fiscal sustainability. A planning consultant team will be secured in early 2026 and the project is anticipated to take approximately 12–18 months.

Over 100 acres are still available for commercial development in the city, including property near Hy-Vee grocery store on Pilot Knob Road, property near the Holiday Inn off I-35 and County Road 70, and Heritage Commons on County Road 50 and Dodd Boulevard. And more than 500 acres of industrial land are available for development, including sites in Interstate South Logistics Park (off County Road 70 and Dodd Boulevard) and Launch Park (off Cedar Avenue and 220th Street West). Three apartment permits for Wildwood Townhome development have been issued through February, totaling 35 units and valued at \$5,472,728.

Lakeville ranked #1 in Twin Cities residential building permits according to Housing First Minnesota. Visit LakevilleMN.gov for more information on year-to-date building permit totals.

Additional Highlights

- Lakeville's short-term rental ordinance received an update on February 17 when the City Council approved new language regulating short-term rentals. The newly adopted Title 9, Chapter 10 of city code is to ensure that the short-term rental of a permitted dwelling unit is conducted, operated, and maintained so as not to become a nuisance to the surrounding neighborhood, an influence that fosters blight and deterioration, or creates a disincentive to reinvest in the community. The ordinance includes restrictions on items such as number of guests, parking, outdoor use, noise, etc. Learn more at LakevilleMN.gov/ShortTermRentals.
- The City of Lakeville is featured in the February 2026 issue of Business View Magazine. Mayor Hellier and city staff were interviewed for the feature that highlights Lakeville's growth, historic downtown, greenway trails and community parks, Airlake Industrial Park, as well as the wide variety of housing types Lakeville offers. Articles like this provide the City an opportunity to showcase our community to a nationwide audience, as well as encourage further commercial and industrial development. Read the article at BusinessViewMagazine.com.
- The City of Lakeville sponsored the MN Real Estate Journal's Land Development Summit on March 12 and Community Development staff hosted a booth at the event.
- Number Business Retention & Expansion visits: February (1), March (2). Five visits are scheduled in April.
- The State of the City luncheon will take place on April 8 at Brianno's Chart House. Join the Mayor, city staff and chamber staff as they share development updates, workforce updates, and fun facts from last year.
