5. Committee/ City Administrator Updates
6. Adjourn

Allyn Kuennen

Brad Paulson

**Date:** 6/23/2025

## **Public Safety Projects Update**

### **Proposed Action**

Discussion only.

### **Overview**

The First Responders Skills Training Center is currently under construction and the proposed new fire station at 179th Street and Grandby Lane is in the early stages of design. Staff will provide an update regarding both projects at the work session.

### **Supporting Information**

## **Emergency Management Tabletop**

### **Proposed Action**

No formal action required. Information is for discussion purposes only.

### **Overview**

The Council has voiced a desire to work through an exercise and have some dialogue with staff in relation to planning and preparation for a large-scale catastrophic event. Many measures are put into place to prevent such things from happening, and we hope that any training or plans put into place are never needed to be executed in real time, but we know that part of our role in supporting our community is to be prepared from a city leadership standpoint.

Staff from the Police, Fire, and Communications departments will provide the Council with general recommendations regarding expected roles and responsibilities during and in the aftermath of an event or incident which causes widespread damage or casualties. In addition, Staff will lead the Council through a tabletop scenario designed to provide some context as to how some of these responsibilities would fit into a realistic situation.

The overall goal of this discussion is to prompt thought, provide direction, answer questions and ensure we continue to be prepared to meet our community's needs in the event we experience a situation where we experience large-scale destruction of property or loss of human life. Having a clear understanding of everyone's roles and how those can mesh together to serve the community as a whole is beneficial to all involved.
